

How to find Terra Bella

Jangamo, Mozambique · between Guinjata Bay and Paindane Reef

Before you set off

The last stretch is a sandy track through the dunes, so a 4x4 or vehicle with diff-lock is required. Phone signal is unreliable out here, so save these coordinates and the photos below to your phone **before** you leave town, and download the offline map for the area.

Turn-off from the main road	24°04'50.7"S 35°29'32.5"E
The house	-24.083283, 35.495047

1. Turn off the main road

Take the first turn after Sea Blue. This is your turn-off (the GPS point above).

2. Landmark tree on your right

Follow the track. The first landmark tree stands on your right. Keep it on that side as you pass.

3. First view of the sea

As you come over the dune you get your first view of the sea. You're nearly there.

4. Keep right, take the next right

Keep right, then take the next right. This last turn brings you in to the house.

Welcome to Terra Bella. Once you arrive, kick off your shoes and settle in.
